Oswald in New Orleans-ONI file

Spoke to Guy Johnson by phone 12/14/68, told him what he had told me re Oswald on lakefront-homosexual contact, is not in ONI file. Told him Louis now has copy, where he can examine, or I'll lend him mine. He said he is satisfied as to his source, cannot explain absence, and did send it in. He said "that deputy sheriff has told this story 20-30 times in my presence".

He says he gave the same thing to Garrison.

He earlier told me he had given it to Hubert, too.
